

Cost: Can vary from \$275-\$400 depending upon team level and player status. Registration fees cover some of the following expenses: insurance, concussion testing, game uniforms, one-time spirit wear issue, equipment, officials, gym lease, administration, medical training/equipment, tournaments, coaches training, etc.

Camps, Clinics, Clubs: Volleyball [NVHAA Flyer on Clubs, Clinics and Camps](#)

Sponsorships and Donations: NVHAA aims to not only make high school sports available for homeschoolers, but also affordable which means player costs are lower than actual program costs. All NVHAA families are asked to help w/sponsorships and donations to help keep program costs low. [*See letter and sponsorship form at website.](#)

Coaches and Staff: Volunteers are always needed to help support the Head Coach and team! Jobs such as team parent rep, admin assistant, assistant coach, medic, etc are some of the opportunities for serving. NVHAA has provided the legal, administrative, logistical, and financial support to start the Centurions Girls Volleyball Team. Now we need your help in filling these important team positions. Although it would be helpful, experience is not necessary to be the Coach or Admin Asst. A willingness to serve is the only real requirement. Regardless, if there are enough girls interested, there will be a team!
